

PAGE 4 WASTEWATER TREATMENT PLANT, OMAN
An online collaboration platform enables the centralisation of all information between all project partners, avoiding the risk of different teams working on different document versions.
D. Gonzalo Pedraz, Head of Production Engineering Department, at Cadagua

PAGE 8 PORSCHE DRIVING EXPERIENCE CENTRES WORLDWIDE
Experts from very different areas work together via a lot of interfaces. A project platform is especially well suited to this type of collaboration.
Bernd Pfau, Project Manager for International Construction Projects, Porsche AG

PAGE 12 ROBERT KOCH INSTITUTE BERLIN, GERMANY
A project platform connects all those involved and adds value for every individual and the project itself, regardless of the contractual arrangement. The platform therefore brings everyone together in the interests of the project.
Ines Stürmer, on behalf of the IT Construction Department, responsible for project communication and cost planning, Federal Office for Building and Regional Planning (BBR)

PAGE 16 think project! IN USE AT WOLFF & MÜLLER
We wanted to manage all project data in a single system to avoid redundancies.
Jörg Herre, Organisational Consultant, WOLFF & MÜLLER Holding GmbH & Co. KG

PAGE 18 EXPANSION OF THE SINGAPORE METRO
We'd already used think project! for a large number of ALPINE construction projects and have been impressed by its effectiveness.
Meik Müller, Asia Divisional Manager, ALPINE Bau GmbH

PAGE 20 ILLWERKE CENTRE MONTAFON, AUSTRIA
Working with an online project collaboration platform offers us major benefits.
Marcus Weber, Project Manager at Cree GmbH

PAGE 23 INTERVIEW WITH PROF. DR HANS-JÖRG BULLINGER, PRESIDENT OF THE FRAUNHOFER-GESELLSCHAFT
Technology is the engine for change. Technology provides new freedom, opening up new possibilities and opportunities.
Prof. Dr Hans-Jörg Bullinger, President of the Fraunhofer-Gesellschaft

PAGE 26 think project! IN USE AT MARKGRAF
The most compelling driver for a project platform was the ability to contact all parties involved in a construction project as quickly as possible.
Rainer Markgraf, Managing Partner, W. Markgraf GmbH & Co. KG

PAGE 28 LUFTHANSA TECHNIK HANGAR AT BERLIN BRANDENBURG AIRPORT (BER), GERMANY
We found that throughput times for invoice checks were unbelievably fast. Processes that used to take well over two weeks were being completed in just three days.
Clemens Rübcke, Project Manager for Buildings and Technical Plants, Lufthansa Technik AG

PAGE 30 THE NEW WROCŁAW STADIUM, POLAND
We wouldn't have been able to work as efficiently using any other method. Under these demands, it would simply not have been possible.
Bernhard Nützel, Head of Planning Coordination at Max Bögl Bauunternehmung GmbH & Co. KG

PAGE 34 IN CONVERSATION WITH think project!
Online project collaboration platforms such as think project! have become well-established in construction projects in many countries.
Jochen Maurer, Head of Product Management, think project!

PAGE 36 GEOPOLIS, A NEW BUILDING FOR THE UNIVERSITY OF LAUSANNE, SWITZERLAND
All project participants need direct access to up-to-date documents and information at any time. think project! offers the best solution to achieve this objective.
Christophe Perraudin, Executive Board member of baumag generalbau ag

PAGE 38 LOGISTICS CENTRE IN HADERSLEV, DENMARK
A challenge we repeatedly encounter in international projects is ensuring smooth and effective collaboration between project members from different countries.
Peter Wunderlich, Senior Site Manager, Ed. Züblin AG
